

## Operating and Installation Instructions

### **CAUTION!**

This product is to be installed only by persons knowledgeable in the repair and modification of vehicle fuel systems and general vehicle systems modification. Only a qualified technician or mechanic who is aware of applicable safety procedures should perform the installation of this product.

### **GASOLINE AND OTHER FUELS ARE FLAMMABLE AND CAN BE EXPLOSIVE!**

Perform the installation in a well ventilated location only to minimize the build up of fuel vapors. **NO** open flames, smoking or other sources of ignition are to be present during installation, to prevent fire or explosion that can cause serious injury or death. Grinding, cutting, and drilling must be performed with care to prevent ignition. Draining and removal of all fuel and ventilation of vapors in vehicle and fuel system is recommended when performing such procedures. Proper eye and personal protection is required at all times during installation.

### **WARNING!**

The Vehicle's fuel system may be under pressure! Do not loosen any fuel connections until relieving all fuel system pressure. Consult an applicable service manual for instructions to relieve fuel system pressure safely.

#### **Application:**

This Filter Replacement Kit is intended to work with Fuelab® Velocity Series 200 Fuel Systems, including Models 30303 or 30304, depending on application. This Water Separating Filter uses synthetic glass media that has a 4 micron nominal particle rating (20 micron absolute particle rating).

#### **Fuel System Inspections:**

Filter replacement frequency will vary from one vehicle to the next. It is recommended to record the mileage at each filter change to track replacement frequency. If the vehicle's supply pressure is erratic, low or deficient then replacement of the filter may correct condition. Be sure to record anomalies, in case future fuel system diagnostics is required. A careful and complete inspection of all fuel lines, electrical wiring and connections should be performed to ensure a safe and reliable system after filter replacement, particularly if the vehicle experiences fuel supply delivery problems.

#### **Replacement Instructions:**

Be sure to examine if filter is mounted above the fuel level inside tank. Once the filter is removed, the fuel system may be free to completely drain the fuel tank. As long as the filter is above the tank's fuel level, then a minimal amount of fuel leakage can be expected. Be sure to have a drain pan ready for spilled fluids. Internal fluid may be under pressure; the drain cock on the water separating filter can be loosened (rotate counter-clockwise), to relieve fuel system pressure.

Remove filter by rotating counter-clockwise. A filter wrench may be required. Continue rotating until removed.

Drain off filter and recycle or dispose responsibly. Inspect area where the filter was removed, to ensure that the main outer sealing gasket is not on the Lift Pump / Filtration System. A replacement inner ring (about the main threaded post) may be included with this replacement kit. Use this ring for proper filter performance.

This replacement filter has a drain cock on the bottom of the filter, for water drainage. Be sure that this drain cock is hand-tight (rotate clock-wise, snug) to prevent leakage.

Apply a small amount of oil or diesel fuel to the main outer sealing gasket, prior to installation.

Filling the replacement filter with diesel fuel, prior to installation, can improve initial starting performance.

Tighten Replacement Element **BY HAND**, in a clock-wise direction. **DO NOT OVER TIGHTEN**, as this may cause damage to the threads of the Lift Pump/ Filtration System.

Due to air being introduced into the fuel system, several attempts to restart engine after replacement can be expected. Use the drain cock on the bottom of the filter, periodically to drain off possible collected water.

**FUELAB, a division of FCP, Inc.**, having its principal place of business at **1605 Eastport Plaza Drive, Suite 125, Collinsville, IL 62234, USA** ("Manufacturer") warrants its **FUELAB** products (the "Products") as follows:

### 1. Limited Lifetime Warranty

Manufacturer warrants that the Products sold hereunder will be free from defects in material and workmanship from the date of purchase for so long as the original purchaser owns the Products. This Limited Lifetime Warranty does not extend to any subsequent owner or transferee of the Products. If the Products do not conform to this Limited Lifetime Warranty during the warranty period (as herein above specified), Buyer shall notify Manufacturer in writing of the claimed defects and demonstrate to Manufacturer's satisfaction that said defects are covered by this Limited Lifetime Warranty. If the defects are properly reported to Manufacturer within the warranty period, and the defects are of such type and nature as to be covered by this Limited Lifetime Warranty, Manufacturer shall, at its option and own expense, furnish replacement Products or replacement parts for the defective Products or refund the purchase price. Removal of Products from vehicle, shipping to Manufacturer and installation of the replacement Products or replacement parts shall be at purchaser's expense. (*Vehicle means any automotive, bike or marine transportation device powered by an internal combustion engine to which the Product is attached. This Product is **NOT** intended or designed for use on aircraft, experimental or otherwise.*)

### 2. Other Limits

THE FOREGOING IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. This Limited Lifetime Warranty does not cover any damage due to: (a) transportation; (b) storage; (c) improper use; (d) failure to follow instructions for the Products or to perform any preventive maintenance; (e) modification; (f) unauthorized repair; (g) normal wear and tear; or (h) external causes such as accidents, abuse, or other actions beyond Manufacturer's reasonable control. This Limited Lifetime Warranty also does not apply to Products upon which repairs have been effected or attempted by persons other than pursuant to written authorization by Manufacturer. This Limited Lifetime Warranty is not extended if we repair or replace the Products.

### 3. Exclusive Obligation

THIS LIMITED LIFETIME WARRANTY IS EXCLUSIVE. The sole and exclusive obligation of Manufacturer shall at its option be to repair or replace the defective Products in the manner and for the period provided above or to refund the purchase price. Manufacturer shall not have any other obligation with respect to the Products or any part thereof, whether based on contract, tort, strict liability or otherwise.

### 4. Other Statements

ORAL OR OTHER WRITTEN STATEMENTS BY MANUFACTURER'S EMPLOYEES, REPRESENTATIVES AND/OR RESELLERS DO NOT CONSTITUTE WARRANTIES, SHALL NOT BE RELIED UPON BY BUYER, AND ARE NOT A PART OF THE CONTRACT FOR SALE OR THIS LIMITED LIFETIME WARRANTY.

### 5. Entire Obligation

This Limited Lifetime Warranty states the entire obligation of Manufacturer with respect to the Products. If any part of this Limited Lifetime Warranty is determined to be void or illegal, the remainder shall remain in full force and effect.
